

## ST. MAGDALENA GRAN RISERVA EXTRA

GRAPPA

5513

30 years ago we started distilling the grapes from the winegrowers of the St. Magdalena area separately into a grappa of rare quality. Among the many vintages, the 2015 vintage was of exceptional quality. We've therefore determined part of the production from this vintage for a long maturation in French oak casks in order to offer the many lovers of our Grappa St. Magdalena barrique a highlight as a limited edition. After more than 60 months of aging in French oak barrels, this extraordinary grappa presents itself with nuances of orange, spices, candied fruits and a velvety soft finish. Limited edition.

Aging: at least 60 months in French oak casks

## Recommendation for enjoyment:

A grappa for meditation that can be enjoyed with a cigar or after a festive meal.

Serving temperature:

16-18° C

Size 500ml
